VERSE 1

When the nights seems long
When the fights too strong
I don't have to stop, I can carry on
When I see no hope
When I feel alone
I can walk this road because I know

I gotta faith bigger than my fear
Not gonna quit I'm gonna persevere
Nothing can stop me now
Not gonna hold me down
I got a dream, I'm gonna live it out

CHORUS

Never gonna give up
Never gonna give in
Never gonna quit as long as I'm living
Imagine the impossible, anything is possible
I believe, I believe, I believe it
(Repeat)

VERSE 2

I can see it now right in front of me
All I have to do is just believe
And even when it's tough
And I've had enough
I can find the strength inside
I know I gotta faith bigger than my fear
Not gonna quit I'm gonna persevere
Nothing can stop me now
Not gonna hold me down
I got a dream, I'm gonna live it out

BRIDGE

On and On and On, I keep on movin'
On and On and On, I keep on movin'
On and On and On, I keep on movin'
On and On and On

Song is on the CD: Zapped
