

Look At Me

oh oh oh oh oh oh oh oh oh oh oh
oh oh oh oh oh oh oh oh oh oh oh
oh oh oh oh oh oh oh oh oh oh oh
oh oh oh oh oh oh oh oh oh oh oh
oh oh oh oh oh oh oh oh oh oh oh

one shot one chance one life to live
yeah I wanna make the most of it
everywhere I go I got eyes on me
people checking if I'm living out what I believe

I'm alive and I'm forgiven
let all of the love that You have given
be what I give away yeah every day
Lord this I pray
Lord this I pray

let the world see You when they look at me
when they look at me
when they look at me

let the love of God be all they see
yeah all they see
yeah all they see

one God one King one name above
always giving it up to the one I love
let the world see You when they look at me
when they look at me
let 'em see You Jesus

oh oh oh oh oh oh oh oh oh oh oh
oh oh oh oh oh oh oh oh oh oh oh

today to live my life for You
that's the only thing I wanna do
everything I do every word I say
lettin' people know that it's You I praise

I'm alive and I'm forgiven
let all of the love that You have given
be what I give away yeah every day
Lord this I pray

Lord this I pray

let the world see You when they look at me
when they look at me
when they look at me

let the love of God be all they see
yeah all they see
yeah all they see

one God, one King, one name above
always giving it up to the One I love
let the world see You when they look at me
when they look at me
let 'em see You Jesus

oh oh oh oh oh oh oh oh oh oh oh
oh oh oh oh oh oh oh oh oh oh oh

I'm gonna shine in the dead of night
a city on a hill shining bright
I'll be a light for the world to see
when they look at me
when they look at me

even brighter than the morning sun
can't hide what Your love has done
I'll be a light for the world to see
when they look at me
when they look at me

let the world see You when they look at me
when they look at me
when they look at me

let the love of God be all they see
yeah all they see
yeah all they see

one God one King one name above
always giving it up to the One I love
let the world see You when they look at me
when they look at me
let 'em see You Jesus

let the world see You when they look at me
when they look at me
when they look at me

let the love of God be all they see
yeah all they see
yeah all they see

one God one King one name above
always giving it up to the One I love
let the world see You when they look at me
when they look at me
let 'em see You Jesus
