

Not Afraid

When my greatest fears
Are in front of me
I will never turn
And run away
My Deliverer
And Defender
He is mighty
And strong to save

I will not be afraid
No matter what comes my way
I'll stand strong on Your promises
And I will not be afraid

No matter where I go
You are with me
You will never leave
Me on my own
And even in the dark
I know You'll see me through
'Cause You're the light
That always shines

Chorus x2

And when I'm weak
You're always strong
My shelter in the raging storm
Through every night
And every dawn
This will be my song

Chorus x2

No I will not be afraid
You are with me everyday
Yeah I know You're always here to stay
Through the storm through the rain
Through whatever You remain
No I will never be afraid no

Chorus

I will not be afraid
I will not be afraid
