

Trust In You

Who do I turn to when I feel let down •
Who do I look to when nobody's around •
Who can I rest in when I feel afraid •
Well I know, I know, I know

•• Chorus:

With all of my heart • I'm gonna trust in you •
No matter what, you're gonna see me through •
I know there's nothing that my God can't do •
With all of my heart • I'm gonna trust, trust, t-t-trust in you ••
I'm gonna trust, trust, t-t-trust in you •
I'm gonna trust, trust, t-t-trust in you ••

I remember the time when you asked me to •
Do something big, I never thought I could •
When my friend did me wrong, I was so so sad •
You told me to forget they ever had •
To love, forgive, put my hope in you •
And you would do things through me I'd never believe was true •
I wanna live the way you asked me to •
You will guide my steps, I can trust in you •
With all of my heart ••

(Chorus)

•• Get up out of your seat, c'mon and get up out of your seat ••
T-R-U-S-T, come on and dance with me •
We're gonna shout out loud, we're gonna trust in God •
T-R-U-S-T, come on and dance with me •
We're gonna shout out loud, we're gonna trust in God •
T-R-U-S-T, come on and dance with me •
We're gonna shout out loud, we're gonna trust in God ••
Trust, trust, t-t-trust in you • Trust, trust, t-t-trust in you •
Trust, trust, t-t-trust in you

•• (Chorus) ••
