VERSE 1 *(hand jive)*

The wise man built his house upon the rock
He built his house upon the rock
And on the rock it stood
He built his house real good

VERSE 2 *(hand jive)*

Now the foolish man built his house upon the sand
He built his house upon the sand
It was not a very good plan
He was a wishy washy man

CHORUS 1

And when the rains came down *(arms alternate in swimming motion forward)*
That man was safe and sound
Oh no, he didn't drown *(arms cross back & forth in front)*
And when the winds rolled up *(arms alternate in circles toward body)*
And blew around his house
It did not blow it down *(shake finger)*
No, no, no, no, no, no, no *(alternate shaking fingers)*

CHORUS 2

And when the rains came down *(arms alternate in swimming motion forward)*
The floods were all around
He was not safe and sound *(arms cross back & forth in front)*
And when the waves rolled up *(arms alternate in circles toward body)*
And blew around his house
It blew right to the ground *(shake finger)*
No, no, no, no, no, no, no *(alternate shaking fingers)*

BRIDGE *(hand jive)*

First you start with a strong foundation
Found in the Word of God
And the Word of God's gonna find the truth
And the truth is a solid rock
And the solid rock is Jesus Christ
He is the Son of God
And the Son of God showed us how to live
And He taught us about the Father's love

ENDING

Jesus You are true *(pump finger in the air 5 times)*
You are the rock *(both fingers point up – fist on open palm)*
And I'll live my life by You *(jump up & raise the roof)*
I will not be moved *(pump finger in the air 5 times)*
You are the way *(both fingers point up – fist on open palm)*
And I'll live my life by You *(jump up & raise the roof)*
Jesus, You are true *(pump finger in the air 5 times)*
You are the rock *(both fingers point up – fist on open palm)*
And I'll build my life on You *(raise the roof – both fingers point up at end)*

Song is on the CD: Live it Out
